***We look forward to seeing you!***

Support groups are an important place for caregivers – family members, friends, or helpers – to meet and share information, give and receive mutual support, and exchange coping strategies in relation to caring for a person with memory loss. Trained leaders help members learn ways of dealing with the problems they encounter as caregivers.

**Upcoming sessions 2017: August 2 and 16, September 6 and 20, October 4 and 18**
